A first impression

We offer for sale a commercial complex located directly on the seafront promenade of Trani. The business includes licenses for a bar, restaurant, and fish market.

The activity is situated on a seafront area with a state concession granted by the Apulia region, valid until 2031, with automatic renewal of the concession.

The complex is clearly visible from the promenade and consists of several buildings. On the first floor, there is a bar with a large outdoor area overlooking the promenade, offering table service for coffee, ice cream, and other refreshments.

On the ground floor, also facing the sea, there are additional premises, including one with a restaurant license (see attached floor plans and photos), featuring a covered area for outdoor table service. The kitchen is mainly focused on fish dishes and local specialties, supported by a pizza oven, offering regional cuisine designed to satisfy all tastes.

The complex has a large parking area with access from the seafront road.

On the left side of the complex, there is a shop for the sale of shellfish and other products. The fish market has tanks supplied with seawater, used for marketing, purification, and live maintenance of edible shellfish, bivalves, tunicates, gastropods, echinoderms, and lobsters. This allows the sale of fresh and live products.

Finally, the complex is equipped with a photovoltaic system that supports the electricity consumption of the business and generates additional income from solar energy production.
